6. a. Project Description: Throughout the year students in Culinary I and II classes serve refreshments at school and community events. When serving refreshments students are requested to wear their Whaler Café polo shirts. Currently there are only 8 of these shirts which were purchased about 10 years ago and are quite worn and stained. Since there are more than 8 students who serve refreshments at school and community events many do not get a chance to wear the Whaler Café uniform. The funds from this grant will provide for the purchase of 20 new shirts so that students are recognized as Whaler Café students. The Whaler Café uniform will not only distinguish participating students for their culinary expertise and their serving skills, but will also be a tremendous source of pride for them.

   b. Budget for expenditures. $500 total

      20 shirts @ $25 each
