From the Library...

The school library lends books to all students and staff members at no cost. If books are not returned, they cannot be shared with others, and are very expensive to replace.

CHALLENGE YOURSELF!

For every hour you spend watching television or playing a video game, you could read one book and boost your memory, reading scores AND your vocabulary!!!!

Think about it!

Remember to return your library books to the Harbor Library as soon as possible. Students with un-cleared library accounts *will not* participate in Field Day and not receive a final report card!

Contact the library or main office for more information!

Congratulations!

Isabella Casteel submitted 100% of her SFA homework for session 3!
