## Harbor Spotlight: May 2022 HB Art Student of the Week:

Jose DeAndrade: This week we made Nierikas! In English, this means yarn drawings. Students looked at various kinds of visual symbols, such as logos and either chose or developed one to draw with yarn. Jose had amazing patience and concentration while he was working on his, and he also produced the idea of using short strands of yarn which gave his piece an interesting visual pattern. Also, his use of color-red and black-was very skillful, giving the drawing a lot of eye-catching contrast. Excellent job Jose!

## HB PE-MVP of the Week:

**HB Highlights:**

CREW Updates: Grade 5 - The third and fifth grade students worked together to find and identify fractions, decimals, and percent. As they get closer to being sixth-graders, Harbor School fifth grade students are enjoying their leadership role within our school. They often collaborate with younger grade levels to practice both reading and mathematics.

Kindergarten CREW enjoying outdoor learning time in the Harbor CREW Garden! Thank you to our Harbor custodial CREW for assembling Kindergarten and first grade outdoor lunch areas as well! We are looking forward to warmer weather.
