

# NEW LONDON PUBLIC SCHOOLS COVID MITIGATION STRATEGIES

COVID-19 continues to be active around everyone. We will implement strategies to district-wide to keep everyone safe.

## FREQUENT HAND WASHING

We will continue to promote hand washing stations and frequent hand washing.

## MASKING WHEN APPROPRIATE

As per the CSDE, masks have been recommended but not required inside school buildings.

## SOCIAL DISTANCING TO BEST EXTENT POSSIBLE

## PROVIDING TESTING KITS

Self-test kits will be available free of charge to NLPS staff and families.

## COHORTING ELEMENTARY SCHOOL CLASSES

## COVID-19 VACCINATION CLINICS

We will continue to advertise local vaccine clinics.

Anyone testing positive for COVID-19 should complete isolation according to the [CDC Q/I Calculator](#).

## TEST-MASK-GO

New London Public Schools is using the **TEST-MASK-GO** strategy for the 2022-2023 school year. **Test-Mask-Go** strategy gives children and staff with mild respiratory disease symptoms (e.g., infrequent cough, congestion, runny nose, sore throat, etc.) the option to continue participating in-person provided:

- they are fever-free (<100 F) and feel well enough to participate,
- They do not live with anyone who has had COVID-19 in the past 2 weeks,
- They can wear a mask consistently and correctly, and
- They test negative for COVID-19 prior to reporting in-person on every day they have symptoms, as well as one final test on the morning their symptoms have completely resolved.

If any of the above do apply, please remain home and contact the Covid Liaison (for staff) or the school nurse (for students) for further information
