Statewide Proficiency/Mastery Examinations

Each student enrolled in the third through eighth and tenth grades shall take a statewide mastery examination. The mastery examination shall be provided by and administered under the supervision of the State Board of Education.

Student scores on each component of the statewide tenth grade mastery test (CAPT) shall be included on the permanent record and transcripts of students. Students who meet or exceed the statewide mastery goal on any component of the statewide tenth grade mastery examination, shall have a certification of such mastery made on the permanent record and transcript and be provided a certificate of mastery for each such component. A student who has not met the mastery goal level on each component of the mastery examination may annually take or retake each such component at its regular administration until the student scores at or above each goal level or until the student graduates or turns twenty-one (21).

The school district may not require achievement of a satisfactory score on the statewide proficiency examination or statewide mastery examination, or any subsequent retest on a component of such examinations as the sole criterion of promotion or graduation.

Special education students shall participate in mastery testing except in the rare case when their Planning and Placement Team determines that participation would be inappropriate and recommends the use of an alternative assessment as specified by the State Board of Education.

The participation in the CMT/CAPT testing programs of students enrolled in special education shall be in compliance with the requirements of the No Child Left Behind Act.

In compliance with federal legislation, a participation standard of 95 percent of the total school population, as well as for each subgroup (e.g. race/ethnicity, gender, special education, bilingual/ESL, eligibility for free and reduced lunch), will be the participation goal.
